BUILDING NEW LEVELS OF EXCELLENCE

GROUP™
108

Building new levels of Excellence

Group 108 specializes in crafting real estate properties that cater to individuals who prioritize exquisite design, exceptional artistry, and the most luxurious features. At the heart of Group 108 is the belief that every project should embody principles of wholeness, transparency, and trust.

With a legacy spanning over three decades in the real estate sector, our management team has been the driving force behind some of the most notable projects. They have successfully led the development of the Parmesh Complex, Ithum, World Square Mall & Hotel cumulatively encompassing an impressive 3.5 million sq ft. Their expertise is further exemplified in the ongoing Grandthum project in Greater Noida West, a testament to their unwavering commitment to excellence.

Building upon this foundation of trust and credibility, the management is proud to introduce its new venture, "One FNG," showcasing its enduring dedication to quality and innovation in the industry.

NOIDA'S BEACON OF ASSURANCE

ONE FNG stands as an emblematic architectural marvel poised to reshape the cityscape and elevate Noida's essence to new heights. This remarkable endeavor seamlessly unites artistic creativity with state-of-the-art workspaces and contemporary retail, crafting an environment where work and leisure seamlessly converge in perfect harmony.

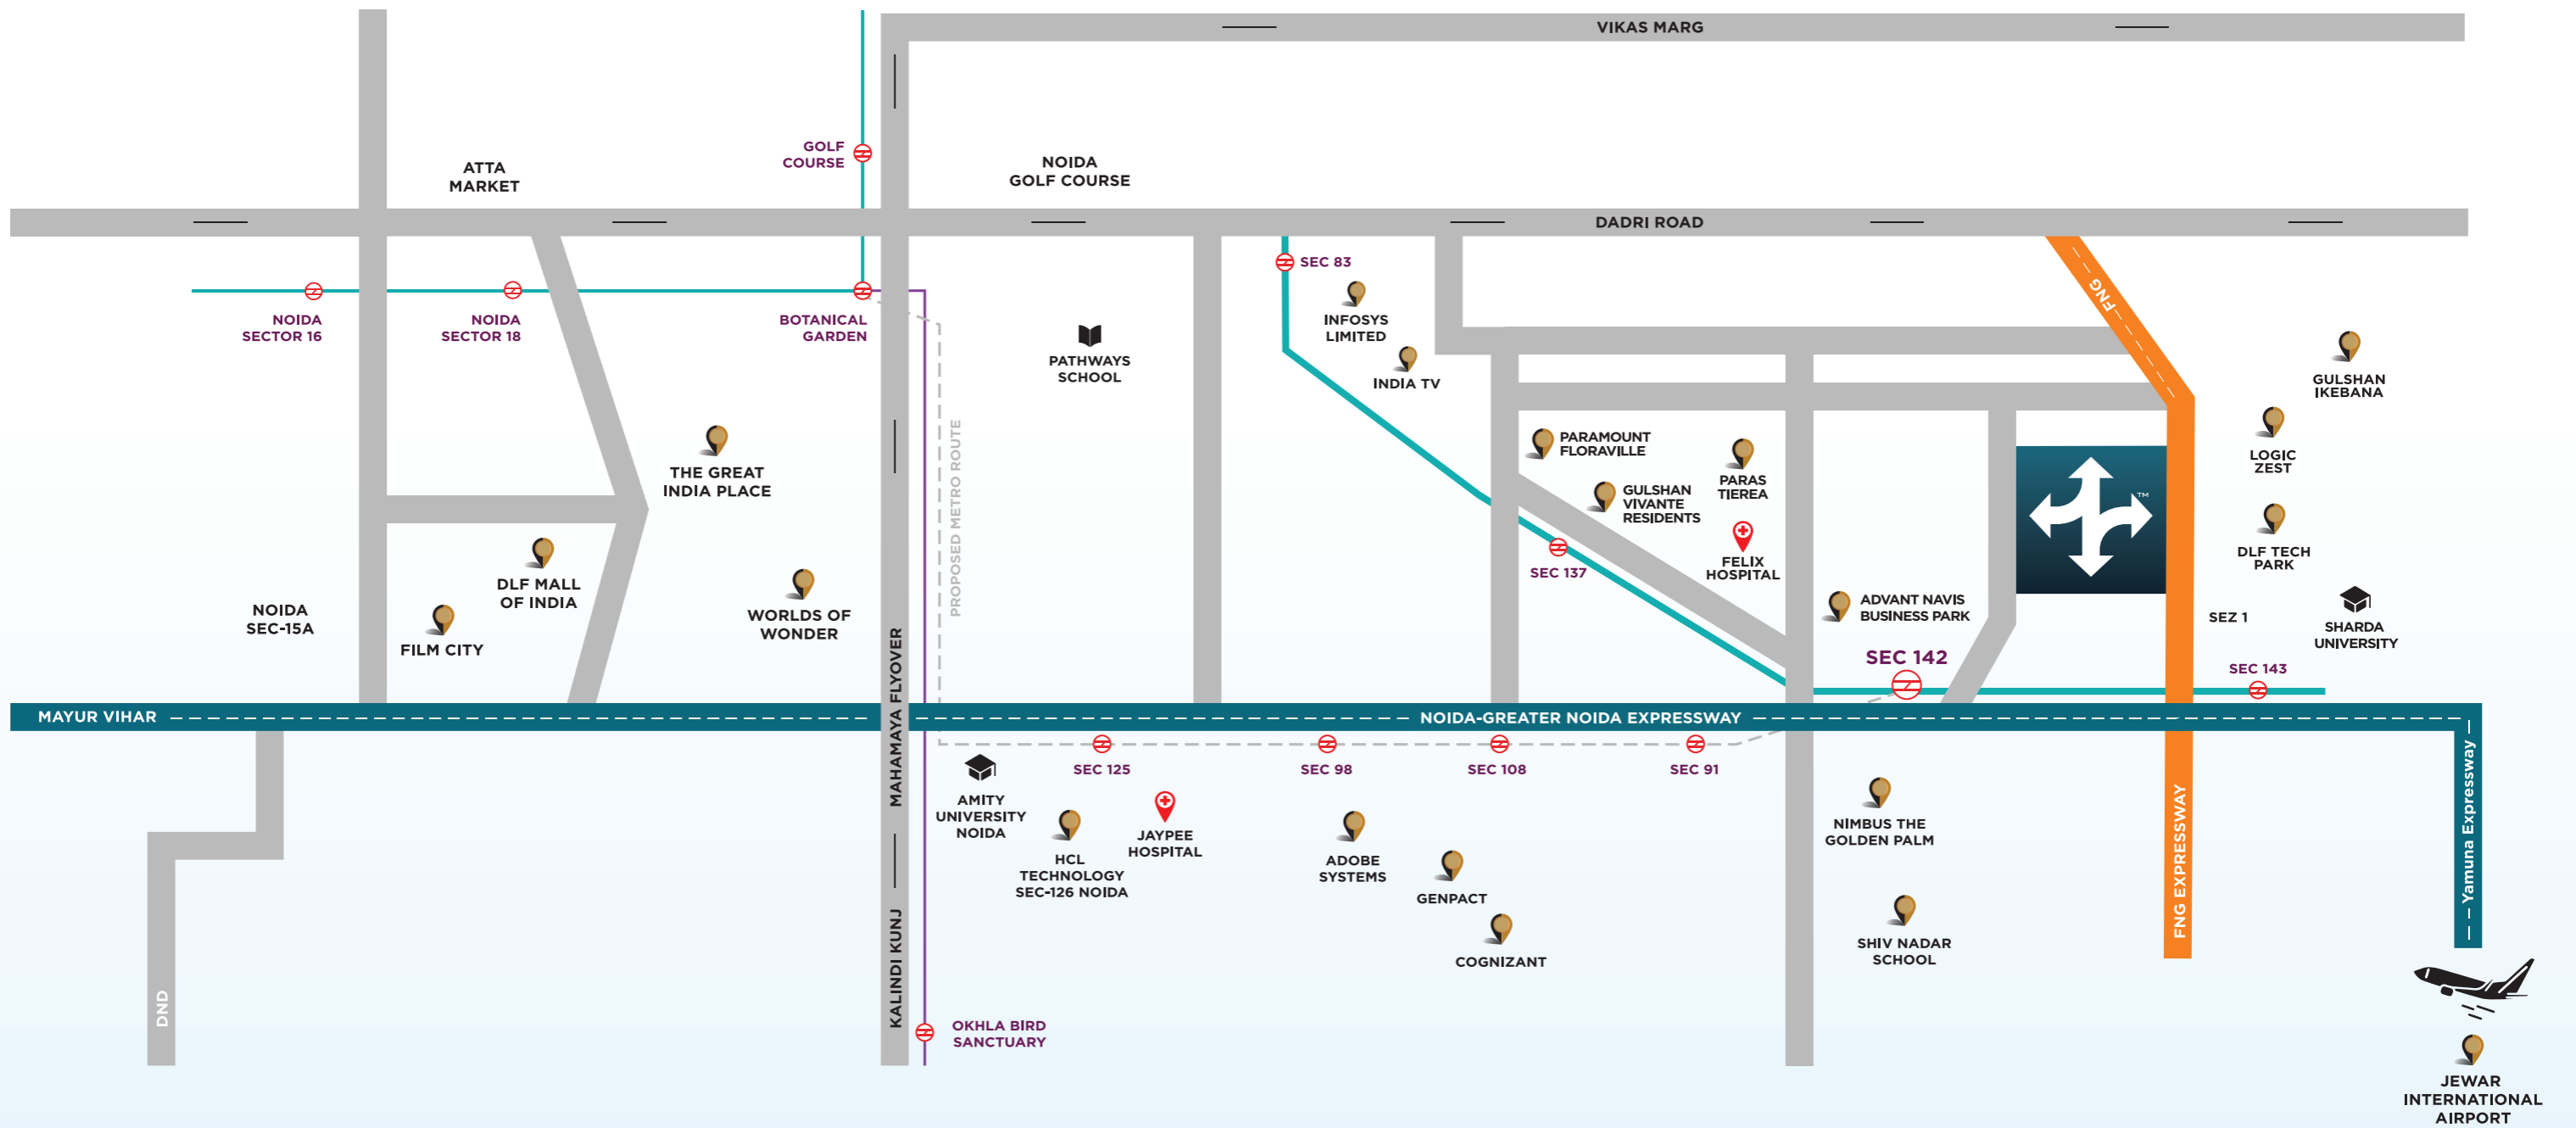

PRIME LOCATION

Infinite Possibilities in Sector 142

- Strategically situated alongside the Faridabad–Noida–Ghaziabad Expressway (FNG), ensuring efficient and expedited connectivity to diverse regions within the vicinity.
- Located adjacent to Noida-Greater Noida Expressway, offering enhanced connectivity that further links to the Yamuna Expressway.
- Only 16 km from the DND Flyway, offering easy access to Delhi.
- Convenient proximity to the forthcoming Jewar International Airport.
- 35 km distance to the IGI International Airport in Delhi provides excellent connectivity for travelers and business ventures.
- Strategic proximity to pivotal sectors including 82, 93, 100, 110, 137, and 168 offering convenient access to significant residential, commercial, and recreational amenities, enhancing your lifestyle with accessibility.
- Noida Sector 142 stands as a prominent metro station on the elevated North-South corridor of the Aqua Line.
- In a significant development, Noida's Aqua Line is set to witness an extension, connecting Noida Sector 142 to Botanical Garden Metro Station. This expansion will comprise the construction of 8 new metro stations, aimed at enhancing transportation convenience in the region.

Sharing the Neighborhood

As a symbol of assurance, 'ONE FNG' embodies our commitment to providing modern and well connected spaces that bring people closer to the heart of the NCR. Much like the 'FNG' expressway's mission to streamline travel, our project aims to simplify and elevate the way you work, ensuring that convenience, connectivity, and community remain at its core.

One of the largest floor plates in Noida

Tower B, soaring gracefully to a height of 15 floors, boasts one of the most expansive floor plates in Noida, setting a remarkable standard for office space dimensions in the region. With its generous expanse, it provides a vast canvas for businesses to envision and realize their office configurations, promoting an environment of spaciousness and versatility.

21 HIGH SPEED ELEVATORS

The towers are equipped with a total of 21 state-of-the-art, high-speed elevators, incorporating the latest technological advancements for enhanced efficiency.

SEPARATE ENTRANCE FOR OFFICE & RETAIL

ONE FNG exemplifies careful planning with distinct and dedicated entry points for both office personnel and the retail area. This strategic layout guarantees efficient and swift movement, optimizing the operational flow.

STEEL COMPOSITE BUILDING

The steel composite building has been meticulously planned to not only extend the lifespan of the structure but also to significantly reduce its carbon footprint.

MULTI-LEVEL CAR PARKING

Our state-of-the-art Multi-Level Car Parking (MLCP) facility offers 3 levels of convenient parking solutions. To further enhance parking efficiency, we have integrated smart parking management systems.

SERVICE FLOOR

From essential utilities like air conditioning, electrical, and plumbing services to specialized offerings such as exhaust systems and restaurant-specific requirements, our commitment to excellence ensures all requirements are met efficiently.

TOWER RETAIL

G + FLOOR 1

- Shops are strategically positioned throughout Tower B, with a focus on key areas such as the FNG access entry, tower entry and the plaza. This strategic placement enhances visibility, recall value and draws in a higher number of visitors, boosting business prospects.
- Dedicated two lifts for retailers/ shoppers operating only between ground and the first floor.
- To ensure a seamless flow of visitors, we have established a connecting pathway between the two sides of the retail shops, linking the tower entry and the plaza-facing areas.
- We have allocated a generous 5-meter-wide (approx. 16 feet) walking space in front of the shops, creating the sensation of strolling down a beautiful and opulent boulevard.
- A height of approx. 5.35 meters (17.5 feet) and an average frontage of approx. 5.2 meters (17 feet) will undoubtedly offer a majestic experience to everyone.

The Corporate Marvel

The eagerly anticipated office tower at ONE FNG is strategically oriented in the south direction. It will feature a conventional RCC structure, a central core design, and an expansive entrance lobby spanning around 5800 square feet. Numerous elevators ensure effortless vertical movement within the towers, enhancing convenience.

Office floors feature a height of 4.35 m

Business Center

We have dedicated a specialized area to facilitate corporates in conducting workshops and seminars, complete with pantry and hospitality services to enhance the experience. This caters to the needs of both internal employees and external stakeholders. The exclusive space is meticulously designed to accommodate and elevate the learning and collaborative experiences of all participants, fostering a conducive environment for high-quality professional development, engagement, and comfort.

Spread over 7500 sqft

Tower Retail

The ground floor boasts an impressive height of 5.35 meters, lending an airy spaciousness to the retail environment. The "L" shaped design of this tower's retail area accentuates its corners, optimizing visibility while ensuring separate entry points for retailers and visitors to the shops. This layout enhances accessibility and convenience while maintaining rigorous security protocols to ensure a safe and welcoming shopping experience.

THE CORPORATE MARVEL

Blending Aesthetics with Functionality

The architectural design of Tower A (South Wing), the tallest office tower, is further enhanced by the addition of aluminium fins on its façade. These fins are not only a visually striking feature, providing an impressive aesthetic appeal, but they also serve a functional purpose. By reducing the direct sunlight exposure on the glass panels, the aluminium fins contribute to improved energy efficiency and comfort within the building.

Elevating Luxury in Design

In Tower A (South Wing), each level features two exclusive units, distinguished by their inclusion of covered verandas. This architectural element elevates the building's status, imbuing it with a premium quality. The covered verandas not only enhance the aesthetic appeal of the tower but also offer an added dimension of luxury and comfort for the occupants.

HI-STREET RETAIL

Unveiling the Canvas of Retail Innovation

5 RETAIL BLOCKS

200+ SHOPS

F1 - F5

At the heart of our development, we have meticulously designed distinct retail areas. Tower Retail, encompassing the retail areas in Tower A (south wing) ground floor and Tower B, occupies both the ground and first floors.

This space is a fusion of luxury and practicality, offering an elegant yet convenient shopping atmosphere. Meanwhile, the Hi-street retail (@ONE) section presents a diverse array of stores, ranging from upscale boutiques to essential daily shops, providing a well-rounded shopping experience for all.

Our geometrically shaped structures, thoughtfully positioned with precise spatial orientation, not only enhances visibility but also evoke a sense of exploration, becoming prominent landmarks. Furthermore, the strategic placement of towers create a shading effect, enhancing the comfort of both retailers and visitors.

With showrooms, restaurants, and shops boasting a height of approximately 5.35 meters (17.5 feet), our expansive alfresco and open spaces ensure a perpetual buzz in the compound. Additionally, the upper levels of the retail blocks are seamlessly interconnected, eliminating the need to descend when accessing adjacent shopping blocks (applicable to F1-F4).

G + FLOOR 1 *Retail Shops*

FLOOR 2 & 3 *Sports Wellness Centre*

We prioritize the welfare of our occupants by providing exclusive facilities and a state-of-the-art sports center. Additionally, Floors 2 and 3 of this building are specifically allocated to promote the overall health of our occupants, focusing on both physical fitness and mental well-being, through dedicated amenities including:

- Gymnasium
- Yoga center
- Meditation center
- Indoor swimming pool
- Billiards
- Board games etc.
